

STARTRACK MUST ENSURE JOB SECURITY

Your strong action last week showed StarTrack that you're prepared to fight for a fair deal.

Massive congrats to everyone who turned out to pickets across the country. The sooner StarTrack accepts the clauses we presented last week, the sooner people will know the company is genuine about not outsourcing jobs. Bargaining committees are coming together this week to talk about next stages, and we'll keep all members updated as the process continues.

But it is clear that the fight is not over.

NEXT STEPS

We've written to StarTrack requesting another bargaining meeting, and we hope that they will listen to the collective voices and address:

- ✗ 14 claims around protecting **job security** including ratios, full utilisation and site rates
- ✗ **One national agreement**
- ✗ Agreement expiry date of June 2023
- ✗ Policies to be put into the agreement
- ✗ **Fair wage and superannuation offer**, including payment from the expiry of the last agreement
- ✗ Pandemic leave, family and domestic violence leave, disaster leave and defence leave

Until these issues are addressed, the job security of every StarTrack worker is on the line. It's time for StarTrack to stop fighting workers in the courts and get back to the bargaining table.

TOGETHER, WE ARE STRONGER.
