

WHERE IS STARTRACK?

It has now been two weeks since StarTrack have been at the bargaining table, despite several requests by the TWU to meet to get your agreement done.

STARTRACK'S CLAIM

Senior Australia Post executives including Sue Davies (a lead in StarTrack negotiations) were brought in front of Senate Estimates yesterday to answer questions on the delayed negotiations.

Sue Davies told the committee of Senators that StarTrack were meeting again and wanted this negotiation settled.

FALSE

THE REALITY

The reality is that StarTrack have declined multiple invitations to meet and are still refusing to come to the table.

HUGE BONUSES REVEALED

It was also revealed under questioning that senior executives at Australia Post pocketed a staggering \$4.8m in bonuses last year.

Sue Davies received a \$1.5m pay package incl. 100% of her salary paid in additional bonus.

Meanwhile, you haven't received a pay rise in 2 years.

WHAT CAN YOU DO?

StarTrack **refused** to come to the table in October 2020 when they were approached, **refused** to meet our claims in April, and **refused** to commit to job security until you took two national days of strike action. Your efforts have meant significant improvements to StarTrack's original offer - it's time for another push on the company to come back to the table to lock in job security and finalise the agreement.

- 1** You should be asking StarTrack why they won't come back to the table. Is it because every day that StarTrack delays negotiations is another day that Australia Post executives like Sue Davies can continue to line their pockets with exorbitant bonuses?
- 2** [Sign this petition](#) to demand the board tell StarTrack to come back to the bargaining table.
