

DNATA'S WAGE OFFER IS STILL NOT GOOD ENOUGH

Your member-led bargaining team recently met again with Dnata Catering management. The company presented an improved wage offer, but it is still **not good enough**.

As you can see from the examples below, many roles under Dnata's offer would still be barely above the Award. Your member-led team remains committed to fighting for:

- ▶ **A fair pay increase** that keeps up with high costs of living, and a guarantee of **job security**
- ▶ **A 2-year agreement** so we can catch up quicker to other workers across the group
