

CONGRATULATIONS YOUR UNION-WON CPI PAY INCREASE IS ON IT'S WAY

In 2021, our first-ever national road transport industry fight led to huge wins across all of the major road transport companies. One of those **crucial wins** was a guarantee that your **pay increase would match inflation**.

WHY THIS IS SUCH AN IMPORTANT WIN

Skyrocketing costs of petrol, groceries and other living expenses mean that a pay rise linked to inflation is crucial.

Your member-led bargaining team fought hard to make sure that your wages wouldn't fall behind. But they couldn't have done that without your **strong national actions**, showing the company that you would not back down.

STARTRACK'S ORIGINAL OFFER

3% per year increase

CPI WIN

Your September pay increase will be **6.1%** to match CPI figures.

This pay increase shows the power of standing together. In the meantime, we must continue to hold StarTrack to account over the commitments it made at the bargaining table.

WHAT HAPPENS NEXT?

- ▶ The 6.1% pay increase will be applied in the next full pay period in September.
- ▶ Preparation for mental health training for TWU delegates is underway.

IF YOU'RE NOT A MEMBER, JOIN TODAY.

When we stand together we achieve huge improvements to job security, pay and conditions. **We need everyone in the union to win the best outcome.** If you're not a member, scan the QR code or [click here to join now](#).
