

BIG WINS AT BARGAINING TABLE

Your member-led bargaining team met with Dnata's management this week to kick off negotiations for an improved EA.

Dnata agreed to TWU's demands to improve **consultation, delegates rights and inductions.**

KEY TWU CLAIMS

- ▶ **Superannuation** – so Dnata workers can retire with enough super to be comfortable.
- ▶ **Pay** – Increases to keep up with cost of living.
- ▶ **Pay parity** – parity with classification in Alpha agreement
- ▶ **Consultation** – so you have a real say in changes that are proposed
- ▶ **Delegates' rights** – so members have the representation and support you deserve
- ▶ **Inductions** – so every new worker can understand their rights and the role of the TWU

Congratulations, these initial results have only been secured quickly because members and delegates across the country have stood together. But **we need to continue to fight** to achieve the best possible outcome.

Now is the time to make sure everyone is a member to win the best possible agreement

WHAT HAPPENS NOW?

- ▶ Dnata's Management are considering the proposals put on **pay, superannuation and classification parity** and will come back with a response ahead of the next bargaining meeting.
- ▶ Delegates and organisers will hold report-back meetings, if you have any questions please contact them.
- ▶ Dnata ground members recently fought for and won huge improvements to pay and job security. **Now is our time to build our union strength. If you're not a member yet, Join Now.**
