HAVE YOUR SAY ON YOUR AGREEMENT

This year, Dnata workers from around the country are coming together for the next phase of negotiations to improve the wages and conditions in the current Enterprise Agreement (EA).

In the last agreement, great progress was made to lift the pay and conditions. This is a huge opportunity to build on this progress, tackle the industry threats to job security, and ensure Dnata stays at the top of the market.

We want to hear from you about what improvements and updates you want to see in your workplace and industry conditions. Now is the moment to lock in your job security and an even better agreement.
