

DNATA OFFER FALLS SHORT

This week, your member-led bargaining team met with dnata and told the company to go back to the drawing table and present a package **that actually considers what's important to workers** — such as job security, work-life balance, classifications and pay.

The company's sub-par package proposal included insulting pay increases of 3% each year for 4 years, and has failed to address any of your core claims.

KEY CLAIMS THAT DNATA HAS **FAILED** TO ADDRESS:

- ✗ **2 Year EA** – expiry 30 June 2026
- ✗ **Overtime meal allowances** not limited to once per shift
- ✗ **New classification structure** to acknowledge the necessary skills and responsibilities of each level
- ✗ **Rostering** that allows for work-life balance
- ✗ **Part time hours** of engagement to increase from 24 hours to 30 hours
- ✗ **Parental leave** – increase in primary carers leave and the introduction of 2 weeks secondary carers leave
- ✗ Increase in the **overtime rate** for loaded employees
- ✗ **Disciplinary process** to be stepped out in the EA for fair and consistent application
- ✗ **Payroll errors to be fixed** within 48 hours otherwise the company incurs a penalty payable to workers
- ✗ **Pay claim** – 15% each year from 1 July 2024 to keep up with the high cost of living
