

BARGAINING PROGRESS AT LINDSAY

Your delegate lead TWU bargaining team met with Lindsay on Wednesday 18th December for our fourth meeting. The TWU has been pursuing the full log of claims that was compiled from the surveys completed by our members.

The meeting concentrated on the following TWU claims:

Linehaul	Local drivers and depot workers
Removing the set distribution table and providing Award provisions for hours of work	Increase overtime rates to time and a half and double time
Removing optional banking of kilometres and replacing with rostered days off	Increase shift penalty rates to 17.5% for afternoon shift and 30% for night shift
Removing PUD transactions and replacing with loading/unloading payment per Award	Increase payment for work on weekends and public holidays to Award level
Adopting the ATO formula for calculation of superannuation	Providing for the full utilisation of permanent employees, including overtime, before work is given to external labour

We've made good progress in these discussions and will continue pushing your claims in the next bargaining meeting
