

PRINCIPLE AGREEMENT REACHED ED

After extended discussions over the last few days following your significant pressure on dnata, your TWU member-led bargaining team has reached an in-principle agreement with dnata, locking in union-strong improvements to pay and conditions.

Congratulations to all members.

This result was possible because of your unity and strength after preparing to take action for a fair deal, and improves significantly on the last proposal from the company.

Wednesday's planned strikes will now no longer go ahead.
