

UPDATE - SAME JOB SAME PAY APPLICATIONS

Team Jetstar variation voted up

Last year, the TWU filed two Same Job Same Pay applications for Team Jetstar and Altara cabin crew.

For too long, Altara and Team Jetstar crew working alongside Jetstar cabin crew have experienced inferior pay and conditions to directly-hired workers under the Jetstar EA.

This has threatened your job security and is unfair for everyone.

A win for your job security

Team Jetstar's variation has now been voted up by members.

Bringing up the pay of all cabin crew workers at Jetstar protects your job security and removes the ability for Qantas to use this model.

There's still more to do

We know there's significantly more to do to improve pay and conditions for cabin crew. This is just the start.

Once this proposal is finalised we will be preparing for bargaining and we will be asking for views from all work groups as we pursue key campaigns around issues you've raised.
